

Vouw nu de andere
hoek naar de zijkant

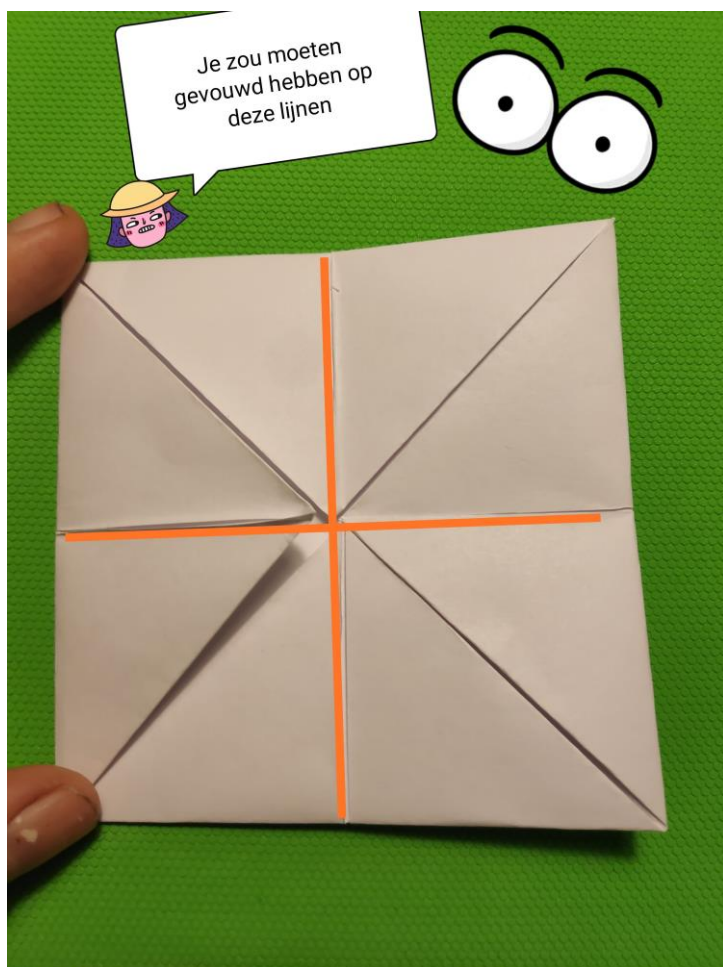

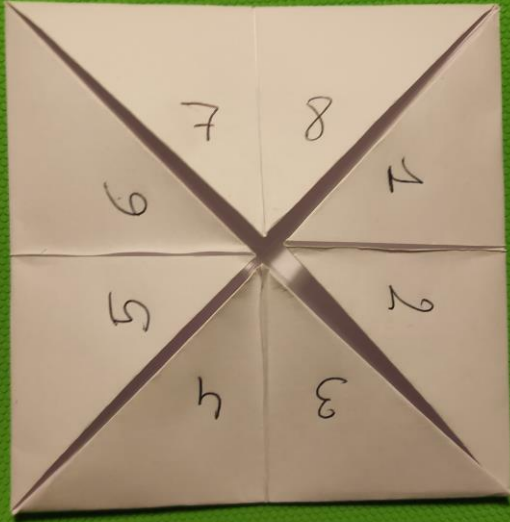

Draai het nu om en
open de flapjes

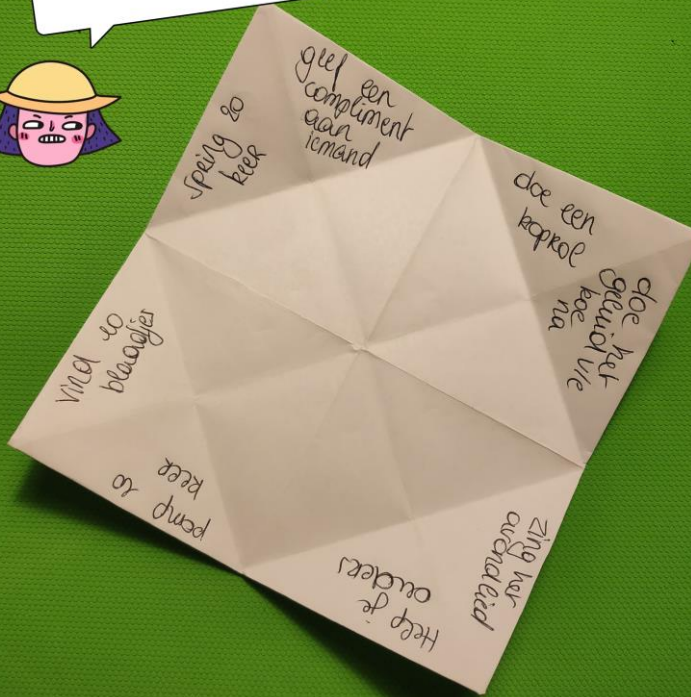

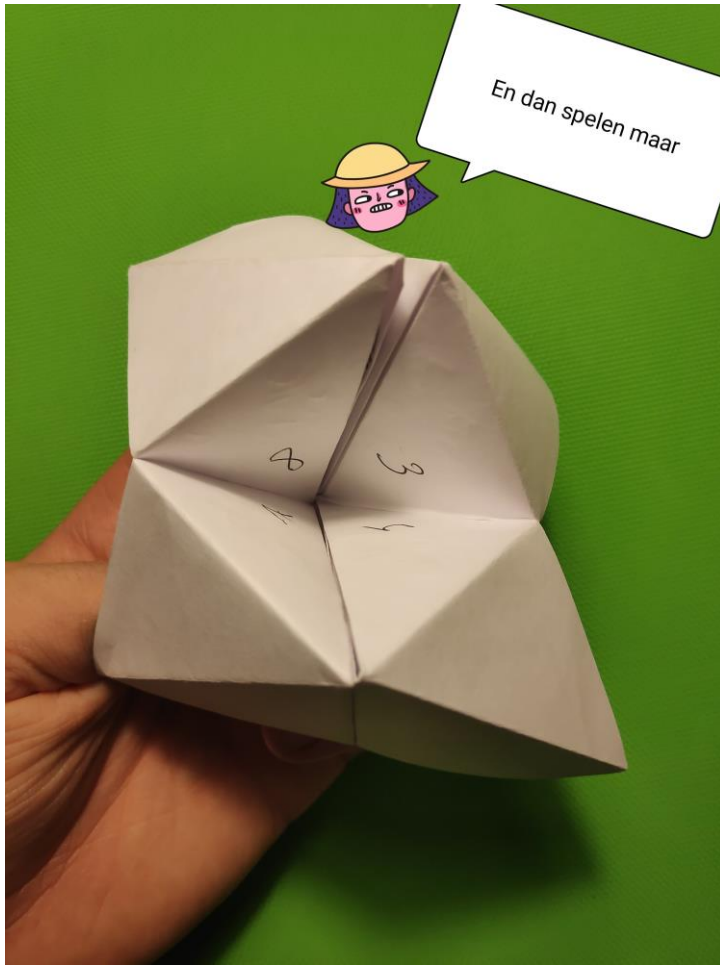

Nu kun je het
openvouwen en er
nummers inzetten

En dan leuke
opdrachtjes op de
achterkant schrijven

Spelregels: laat de persoon een
nummer van 1 tot 10 kiezen en dit
is het aantal keer dat je het open
en toe doet en dan moet de
persoon een nummer kiezen dat
hij kan zien en de opdracht op de
achterkant van dat nummer
uitvoeren
